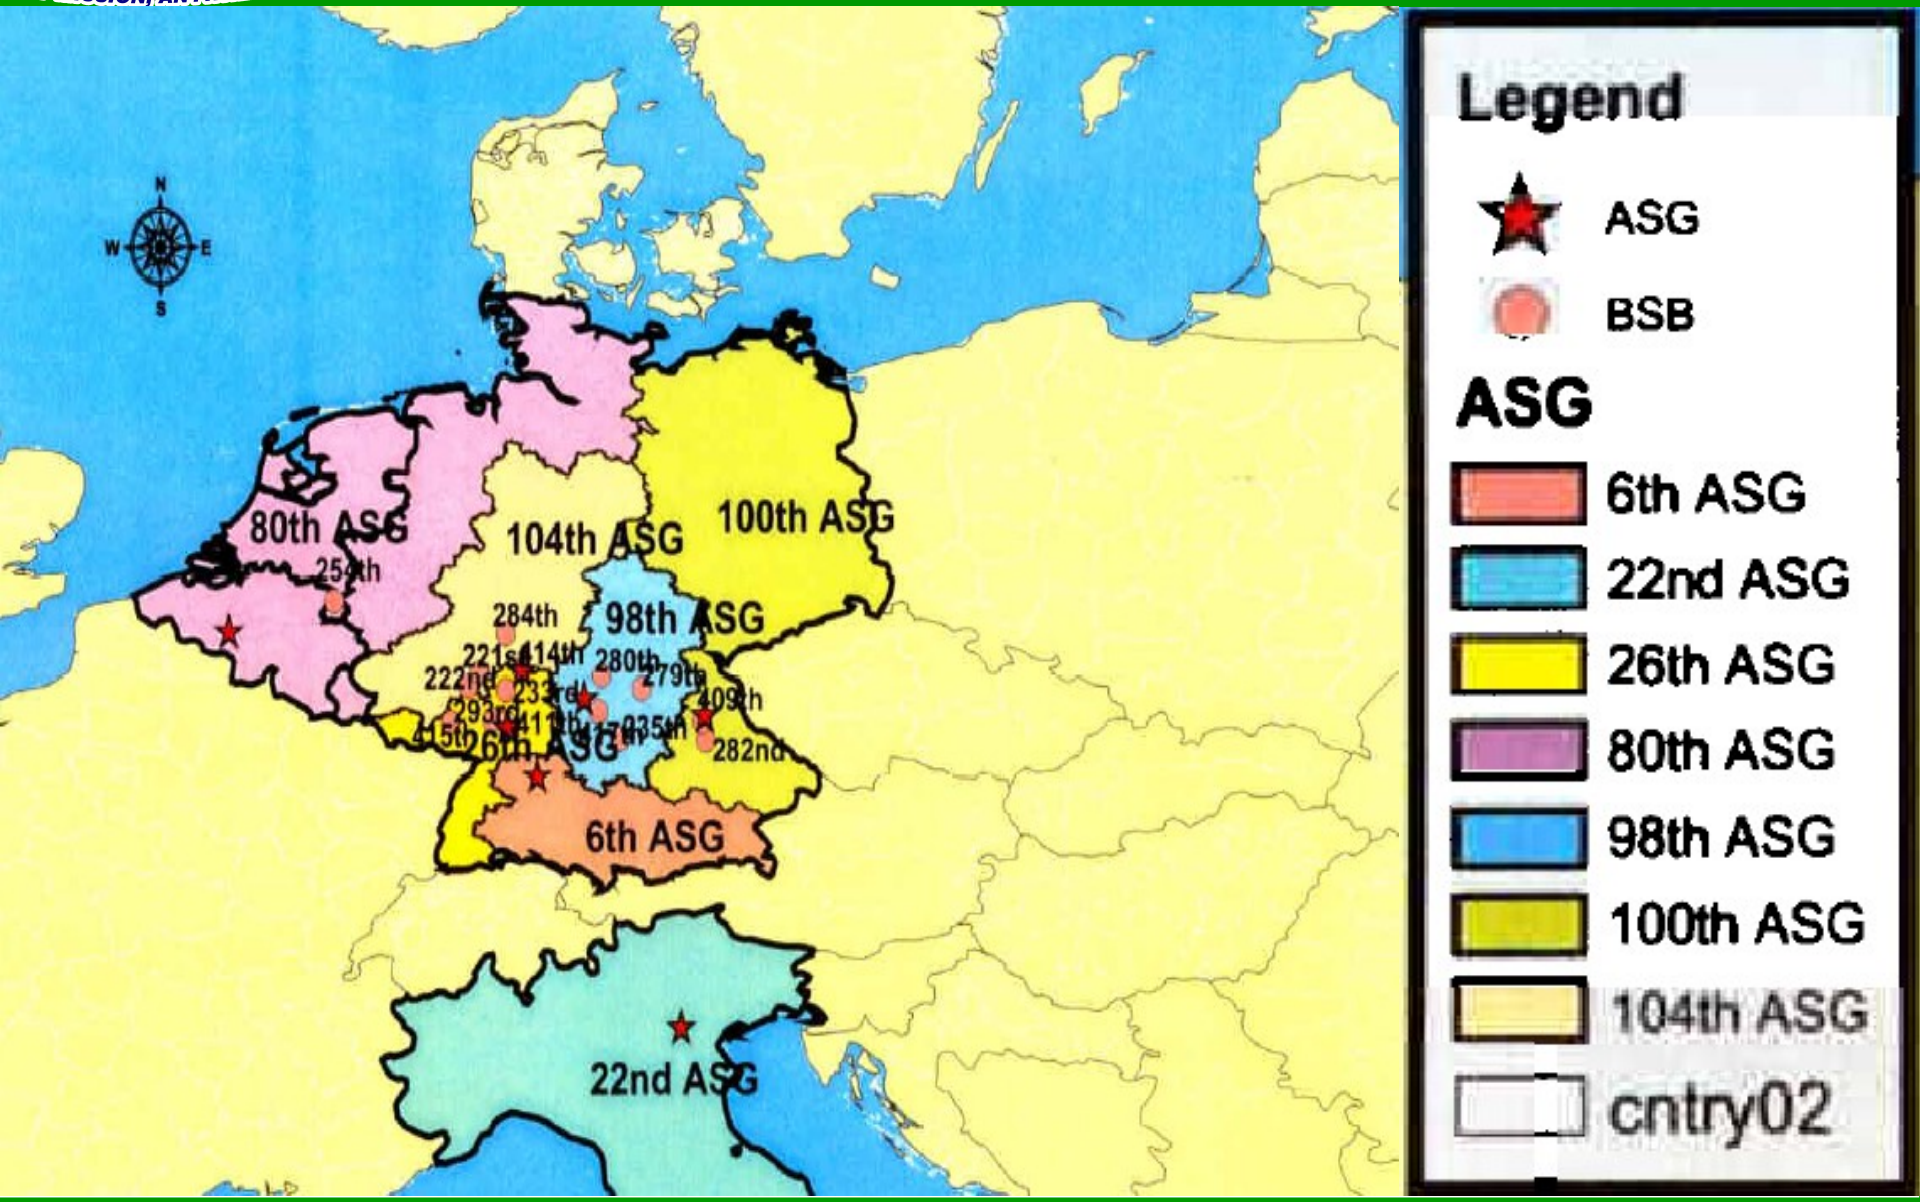
USAREUR – IMA

A Working Partnership

Explosive Safety



Basic Concept

- ✓ **Reference Appendix J, DA Pam 385-64**
- ✓ **IMA is Facility and Property Manager**
- ✓ **Unit is Operator and considered a Tenant Organization**
- ✓ **QASAS are assigned to Unit**
- ✓ **IMA furnishes License, Unit complies, QASAS enforce**

Explosive Safety

QASAS Organizations Assigned

26th ASG

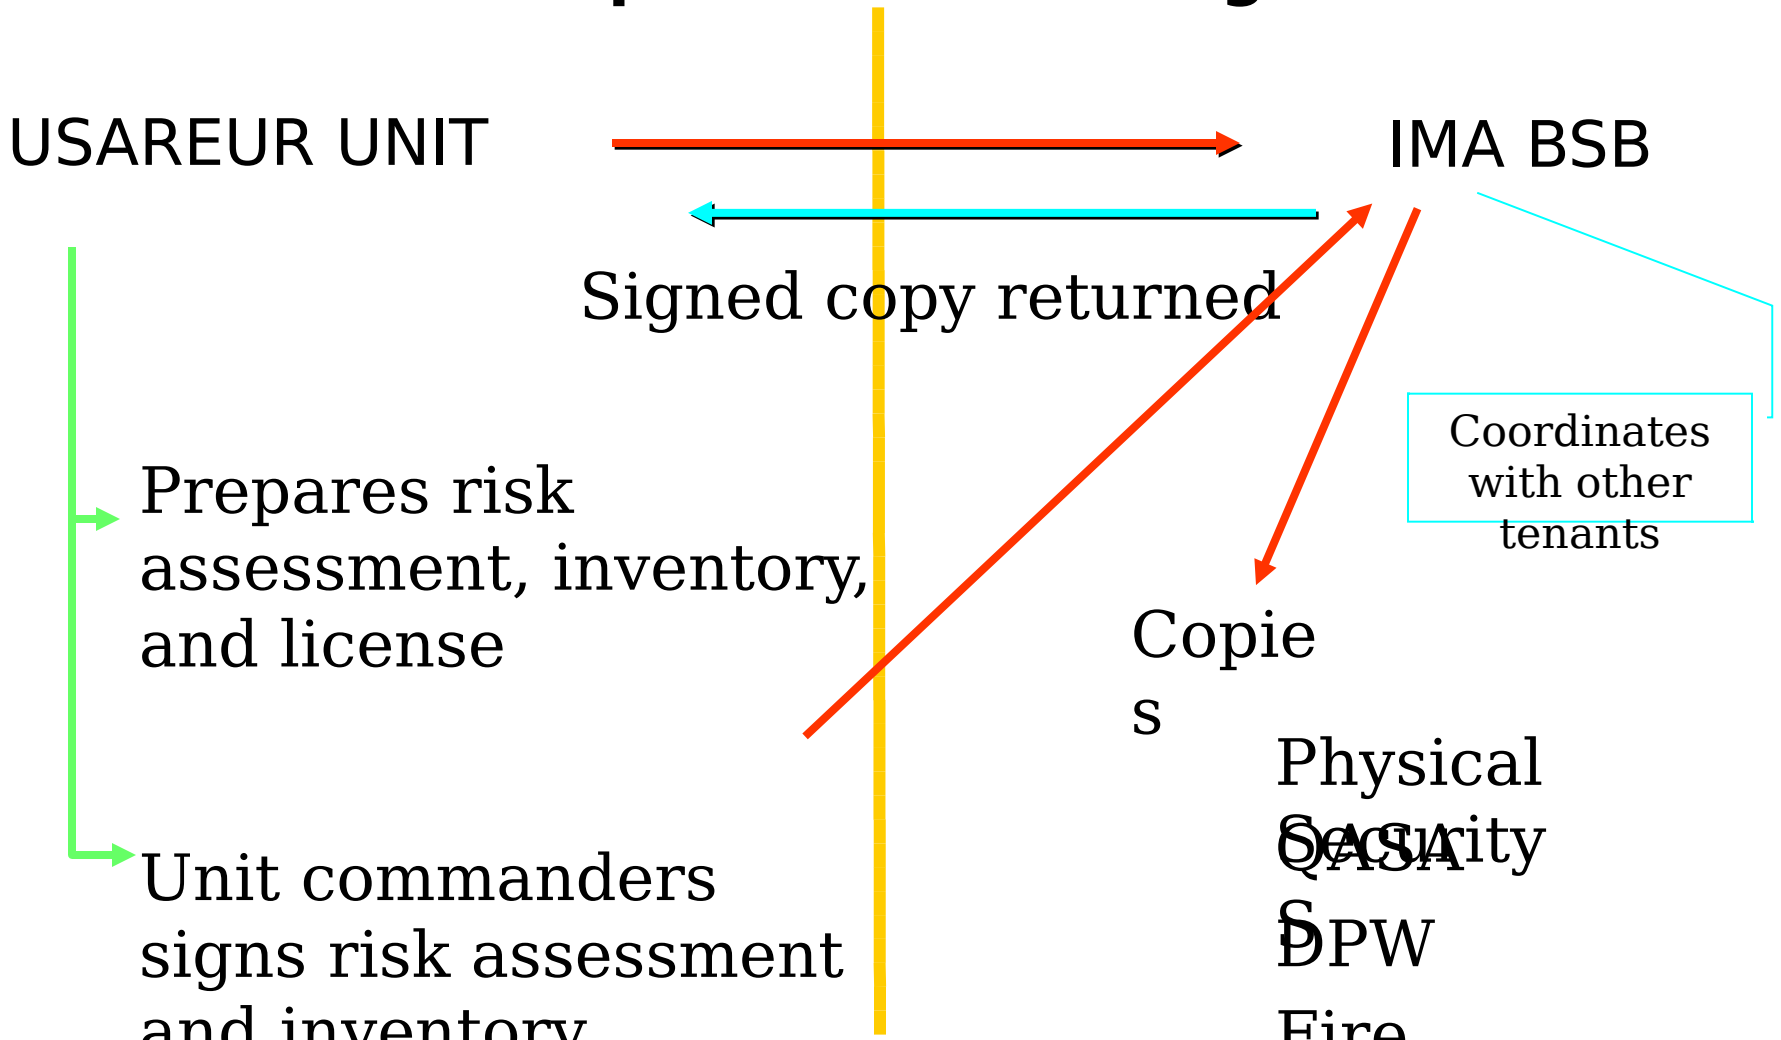
411th BSB	V Corps
233d BSB	3d COSCOM
415th BSB	21st TSC
293d BSB	V Corps

80th ASG	21st TSC
98th ASG	3d COSCOM
100th ASG	3d COSCOM
104th ASG	3d COSCOM

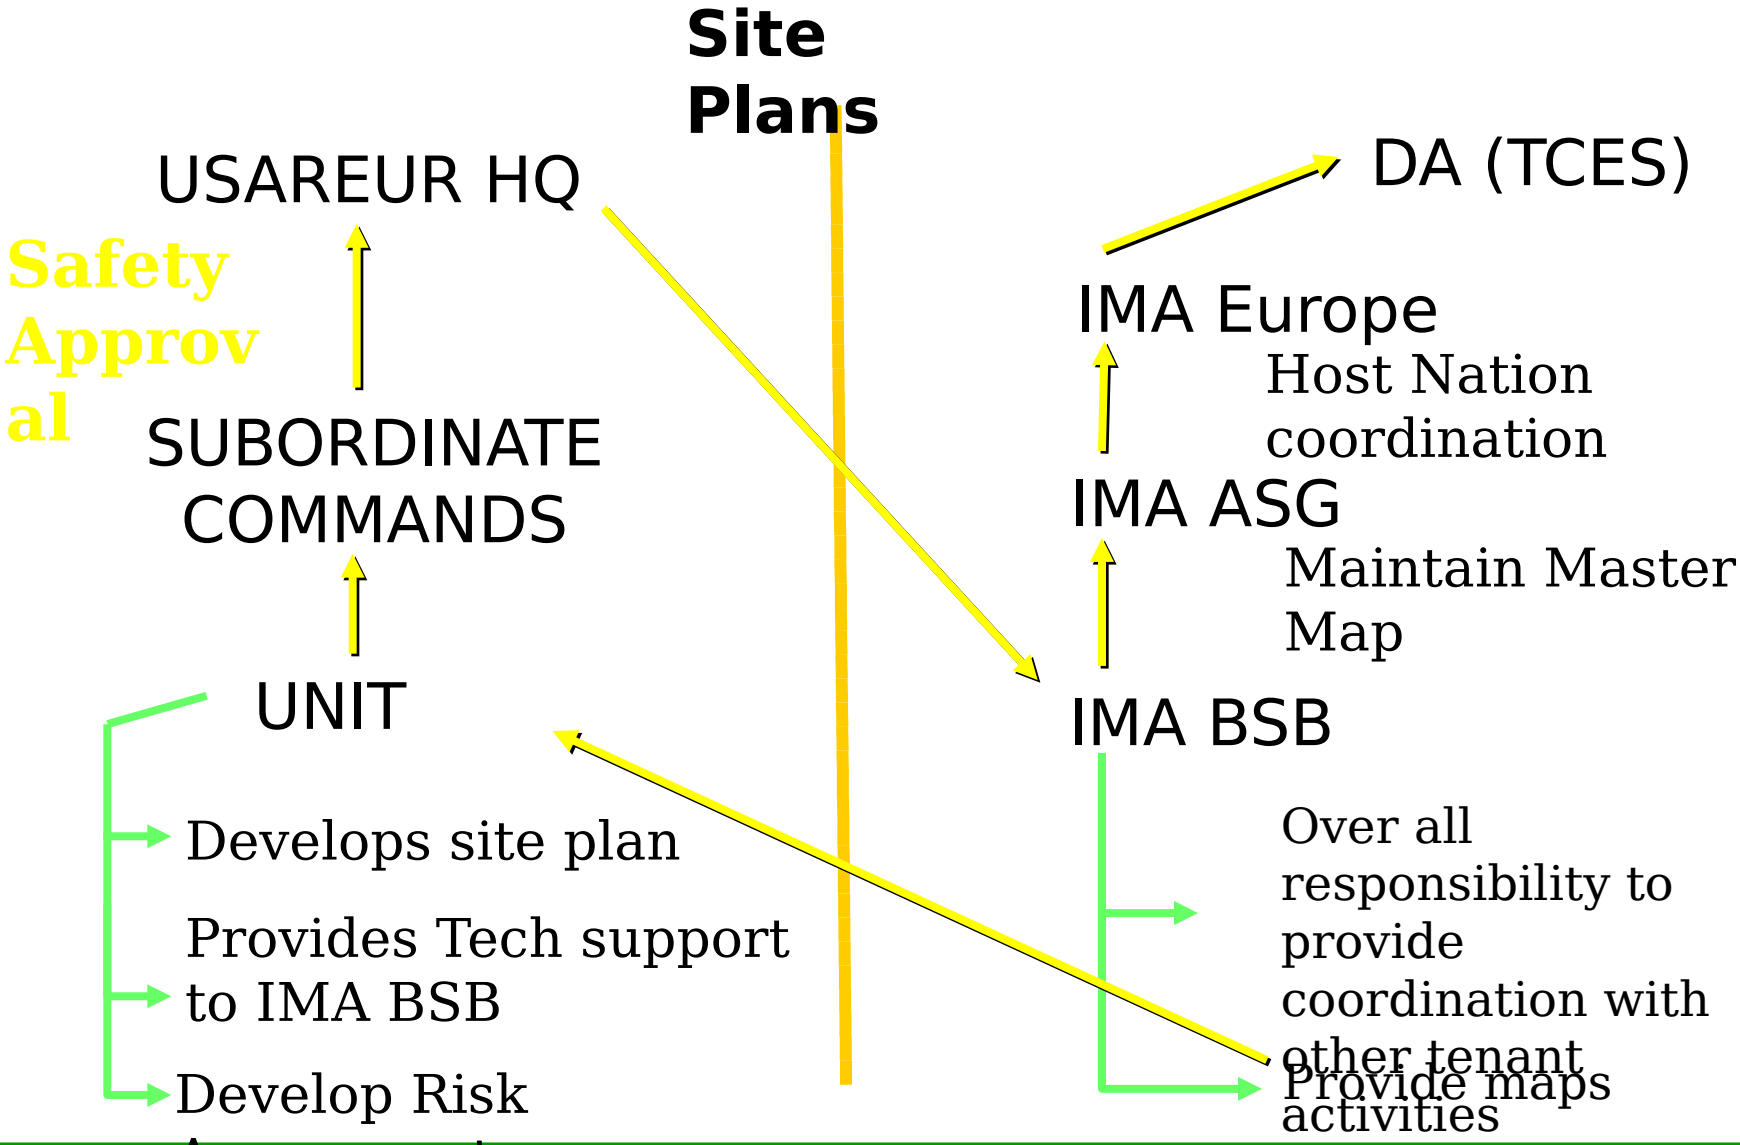
6th ASG	21st TSC
22d ASG	21st TSC
80th ASG	21st TSC

Explosive Safety

Explosives Licensing

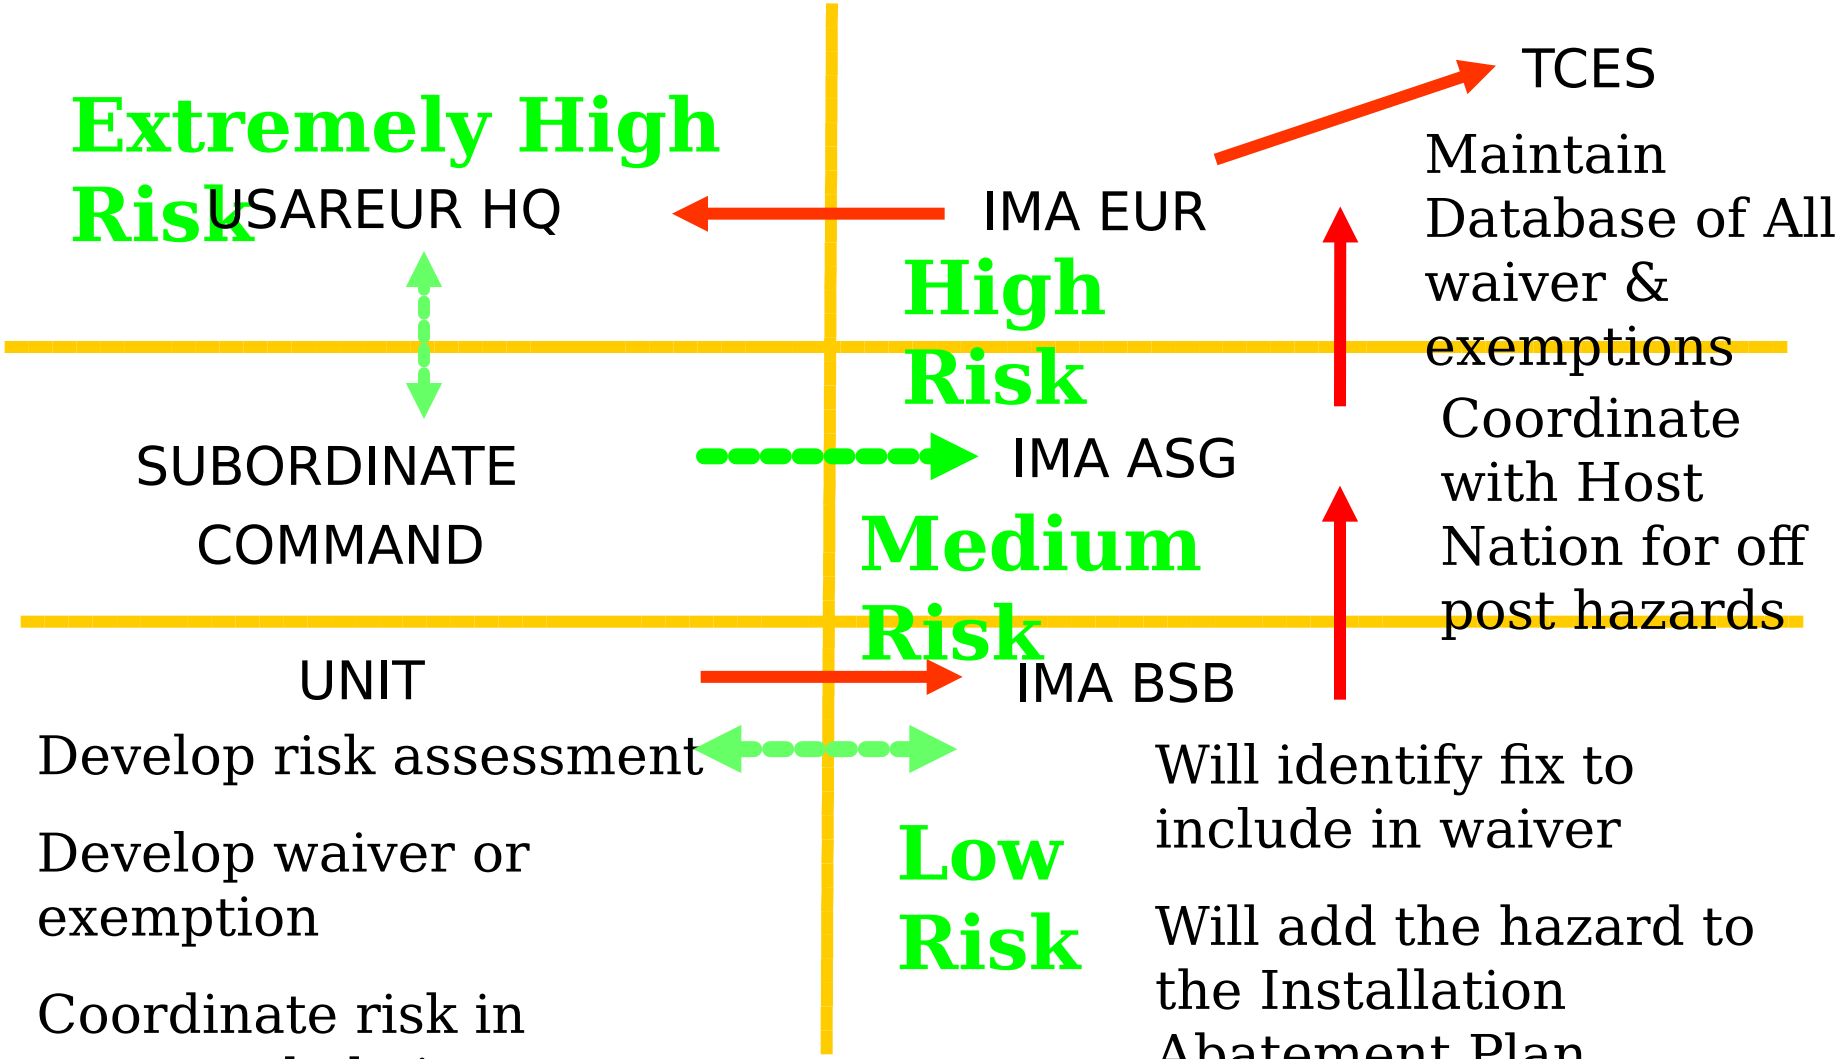


Explosive Safety



Explosive Safety

Waivers & Exemptions



Arms Rooms

- ✓ **Must be licensed (only HC/D 1.4, 1.3, 1.2.2).**
- ✓ **A License requires:**
  - **An Inventory expressing types and quantities for storage and classified as either operational readiness, training, or ceremonial and signed by Unit Commander**
  - **A Risk Assessment coordinated with BSB Safety, QASAS, Security, Fire Dept, and signed by BSB Commander**
  - **ASG Safety approval signature and date**

DOD Explosive Safety

- ✓ **Operational Readiness: Force Protection ammo**
- ✓ **Training Ammunition: Limited Quantities to support personnel training on ranges. Time restrictions apply and are discussed later.**
- ✓ **Ceremonial: Blank ammo to support salutes etc.**

Explosive Safety

- **Maximum Quantities**

HC/D 1.2.2 – Not to exceed 50 pounds N.E.W.

HC/D 1.3 - Not to exceed 100 pounds N.E.W.

HC/D 1.4 – Quantities necessary to fulfill operational readiness without regard to total amount

Explosive Safety

- ✓ **Time Restrictions (Applies to Training Ammunition)**
  - **Active Component <u>LESS than 2 Hours drive</u> from servicing issue point: Permitted to store 2 days plus days in training period**
  - **Active Component <u>MORE than 2 Hours drive</u> from servicing issue point: Permitted to store 4 days plus days in training period**
  - **Active Component <u>MORE than 4 Hours drive</u> from servicing issue point: Permitted to store 10 days plus days in training period**

Explosive Safety

✓ Time Restrictions (Continued)

- **Reserve Component and ROTC Units who are conducting weapons qualification during INACTIVE DUTY training are: Permitted to store "Limited Quantities" of HC/D 1.4 not to exceed 90 Days.**

Limited Quantities is defined as the minimum amount necessary to support the mission.
